This is the busiest time of the year and the Pharaohs Street Rodders continue to be present for events and supportive. We were very proactive in the month of June.

Special thanks to all that helped make the Ralph McKee benefit Cruise-In what it was with over \$ 4600 raised in all three events. And our attendance in Montana was just as well received and there was over \$13,000.00 raised for Montana Hope. We have been invited back again next year and we have it written in our calendars. Ken Crawford is excited to be there again.

The grand opening for Beaches was a great turnout after being rained out three weeks in a row; there we handed out flyers for the Mikes Drive in Cruz on Aug 7th where the Pharaohs Street Rodders will be co-hosting this 26th year event. Please try to get involved and help us retrieve some nice Raffle Items as we have voted to donate a percent of the funds to both of our Cancer Funds.

Keith Presky made a presence at Muscle Beach this year and carried on the reputation that we can be seen at most all events in the area and out of town. The 4<sup>th</sup> of July Holiday came up fast this year and we were in many different locations. The Corbett Oregon Parade and Cruise was outstanding and one of the members came home with a nice award. Way to Go, Jack! Remember that another member, Don Brown, is doing just as well at receiving awards and it is just great that we are present at so many different events. Thanks, Guys and Gals. Not to forget the award in Milwaukie Pietros that Jann and Sue came home with.

Keith Presky has donated a vehicle to Donilee McGinnis as the family has fallen on hard times and this young

lady had no transportation and lots of work in caring and traveling to do for her brother and family. Thank you, Keith, and the Pharaohs have donated to the cause also. This give-away will take place at the Mikes Cruise-In on the 7th of August in Milwaukie, Oregon; this too will be worth participating in. Hope you all can make it.

There is some very sad news to report this month: Wade Fetty of Classic Memories Motors has passed away. There will be a Celebration of Life for him at Clackamas State Park in Oregon City on Tuesday the 20th of July. It's an all-day event that they have asked for everyone to bring their Hot Rods. The Pharaohs Street Rodders will be purchasing a wreath of flowers for this day's event. Please remember the Fetty family in your prayers.

There are a lot of events coming up so please watch for our web page.

Sorry this newsletter was so short we have all been busy. This brings up another topic. We are looking for members to add to the monthly newsletter. If you have anything of interest please contact Marty at [admin@pharaohsstreetrodders.com](mailto:admin@pharaohsstreetrodders.com)

**If you want to have a monthly column on items of interest to all members and volunteers just let us know.**

Go to as many Cruz In's and car shows as you can this summer and represent the Pharaohs with class.
